Kind attn. Dr. C.N. Manjunath, Director

Sir,

On Tuesday June 21, my sister Smt. Rajalakshmi Swamy, age 76 suffered an acute cardiac problem while traveling in a train to Coimbatore. Family members were in a confused state and I firmly insisted that she be brought to Bangalore and admitted at your hospital for proper diagnosis and effective treatment.

Around 3.30 pm she was brought to your Casualty dept. The doctors and support staff of the Casualty dept. meticulously examined Smt. Rajalakshmi Swamy and in less than 15 – 20 mts. admitted her to the ICCU for observation and intensive care. The next day when her health was stable she was moved to a semi special ward. During her stay in the ICCU and the ward, the **doctors and nursing staff** took **exceptional care** of her. She was discharged on 23rd June and safely reached her home at Mumbai and is recuperating.

I take this opportunity to thank you, your doctors, nursing staff and all others for the courteous, professional and timely treatment provided to my sister.

Jayadeva Institute of Cardiology & Research is like a **Big SHIP**. We are happy that the ship is steered by an **able Captain** like you and is well supported by a **team of dedicated doctors, trained nurses and support staff to provide exceptional cardiac care to patients**. I wish to express **my sincere thanks** to the **Government of Karnataka** for establishing such a **fine hospital in Bangalore**.

In short; "**Jayadeva Institute of Cardiology & Research, Bangalore provides WORLD CLASS CARDIAC TREATMENT at MOST MINIMAL FEES**". The thought "**People are more important than profits**" is highly commendable.

Yours truly,

A.G. Balasubramaniam

Copy to: **Shri B.S. Yediyurappa, Chief Minister, Govt. of Karnataka, Bangalore.**
Thank you Sir, for your keen interest in the health care of citizens. I request that govt. hospitals for treatment of patients suffering from Diabetes, Renal impairment, dialysis be established in Karnataka State.
