To  
The Director  
M/s Sri Jayadeva Institute of Cardio vascular Sciences & Research  
Respected Sir / Madam

When I had uneasiness in my chest region, I was referred by my family physician Dr. Gopalakrishna to this hospital.

I was very scared & apprehensive about my heart condition when I came here.

I underwent all the tests as prescribed by the Doctors. The flow was very smooth. The Doctors in emergency section, when I first got admitted was very helpful & reassuring. Later I underwent angiogram, which detected blocks in my heart & surgery was advised. Dr. Sadananda, Dr. Harsha Basappa, Dr. Jayakumar, Dr. Kumar were consulted and they gave a reassuring advice infusing confidence in me to undergo bypass surgery.

My surgery was done under leadership of Dr. Madhuprakash and his team on 31.01.2020 and entire staff took excellent care post surgery also.

In total this Jayadeva Hospital is a boon to cardiac patients of this region. Thanks to the visionaries who have made this.

Special thanks to Dr. Manjunath for his leadership and enabling availability of excellent equipments & facilities .

Dr. Sadananada head of the team deserves kudos for excellent leadership & service.

Dr. Jayakumar, Dr. Kumar, Dr. Arnab & all other team of Doctors, nursing & support staff, each & everyone who directly or indirectly help the patients deserve big Namaste of gratitude & thankfulness. May their tribe increase. The P.R.O. Mr. Syed should be specially mentioned as he was very courteous and helpful to complete various processes.

Finally thanks to Karnataka Government, I wish it extends support to this hospital to become a model cardiac care center in India.

Thanking you

Yours faithfully
