Dr.C.N.Manjunath
Director
Sri Jayadeva Institute of Cardiology
Bannerghatta Road
9th Block, Jayanagar
Bangalore 560 069

Dear Dr. Manjunathji.

It was so kind of you to have made all arrangements for getting me thoroughly checked for my Cardiac problems taking personal interest and not only making arrangements to receive me at the lobby of the Institute, but also personally taking interest to go over to different sections where I had to get thoroughly examined. In spite of your busy engagements, you were so kind and generous to take personal interest. I appreciate your kind gesture.

I have visited Sri Jayadeva Institute of Cardiology after 2-3 years and I must say that there has been a sea change in maintaining excellent environment not only outside the premises of the Institute, but also in different sections of the Hospital, bringing thorough change in the attitudes of various staff members including the paramedical staff. I think the credit should go to you as Director of the Institute for taking such an initiative to bring about this change not only in the attitude of the people but also in maintaining excellent health standard. I was also very much impressed to learn how the poorest of the poor have been able to receive medical attention for their cardiac problems, equal to that of rich people. You deserve my heartiest congratulations.

Let me take this opportunity to once again convey my appreciation and congratulations for the steps which you have taken to make this Institute as one of the best Medical Centres not only in India, but also in the Region.

Once again my grateful thanks to you.

With warm personal regards and best wishes,

yours sincerely,

M.V. Rajasekharan
