Dear Sir,

Greetings !

I Guru Raj.S.Desai from Raichur. I have worked in Rajiv Gandhi Superspeciality Hospital for eleven years as a Sr.Executive under Public Private Partnership with Government of Karnataka and Apollo Hospitals. I am a regular reader of the week and I have read your article in focus column in the last issue. I have always believed that Doctors are God on earth and stature of yours once again proved that. I am extremely impressed and feel great that such institution is in our karnataka and leader like you will certainly contribute immensely to our society. I have always believed in taking the responsibility and try to change the system being in the system. It is greatest noble work helping/serving the poor. I became your ardent fan sir. I pray God that he need not to be everywhere unless doctors like Dr.Manjunath are there on earth. (The heart hospital with a heart).

I wish you all the best sir and Wish you Happy and Prosperous New Year 2013.

Thanks with respectful regards,

Guru Raj.S.Desai
Raichur
