M.V. Vijayalakshmi

(Admission no - 608)

TO whom it may concern

We got admitted to STIC on SUNDAY evening 26/4/2021 at 10.30, with also having detected covid positive. Even though it is a Autonomous institution, the service provided by Nursing Staff, Cleaning staff, even Doctors on Duty, on call through was very Excellent.

Even though they are going to succumb to the same disease which they are treating, there was an iota of fear in any body's mind. This is called the "ATTITUDE of warriors".

We were deeply touched by their

Sincere dedication to the profession.

Let the TRIBE of this nature in Medical profession increase. we pray

God, to give long and happy

healthy life to these staff, and doctors

who are serving this duty.
